Jeff:

You're becoming an IAMC Professional Forum icon! On the first day of the Fall 2010 Forum, some registrants were already anxiously awaiting your closing session presentation; especially your predictions. As indicated by your 9.30 evaluation score, they were very pleased.

Your delivery of facts, humor and a straightforward perspective equated to an economic message that registrants actually enjoyed. As in the past, you added significant value!

On behalf of the IAMC leadership and staff, *Thank you, Thank you, Thank you!!*

Sincerely,
